SEP 5 1956

MEMORANDUM FOR: Director, Project AQUATONE Operations
Director, Project HTAUTOMAT

SUBJECT: Photo Reproduction Requirements

1. Included for your information is a memorandum from the Air Force stating the photo reproduction requirements. Please note that this is a summary of the needs as of this date and that the memorandum supersedes all previous requests which deal with photo reproduction requirements.

2. For full information and convenience of both addressees, I have listed all of the requests and after each the name of the organization which has accepted the responsibility to fulfill the needs as applicable.

- a. Two (2) duplicate positives from cameras 2 through 10 (6", 24", 36" and 150") on standard base SO 1137 stock.

Action responsibility: Chief/Ops

- b. Six (6) copies of JANUS-1 overlay.

Action responsibility: Chief/HTA

- c. One (1) duplicate positive from camera 1 (70 mm tracker) on standard base SO 1137 stock.

Action responsibility: Chief/Ops

- d. Two (2) turnaround prints from camera 1 (70 mm tracker). One (1) print to be comprised of the odd numbered exposures and the other print to be comprised of the even numbered exposures.

Action responsibility: Chief/Ops

- e. Two (2) copies of "D" values.

Action responsibility: Chief/Ops

- f. Six (6) copies of Mission Profile.

Action responsibility: Chief/HTA

~~SECRET~~

-2-

- g. Two (2) copies each of OSR AUTOMAT mission plots.

Action responsibility: Chief/HTA

- h. Two (2) copies each of MCPS (Mission Coverage Plot Summary).

Action responsibility: Chief/HTA

- i. One (1) copy of each photo interpretation report accomplished by HTAUTOMAT. This to include reports prepared by Army and Navy. (Additional copies will be requisitioned on an individual basis as required after review.)

Action responsibility: Chief/HTA

3. In connection with the request for Army and Navy reports, I have been informed by those agencies that they are already distributing their reports to the Air Force.

4. The Air Force has requested that all materials whether under the responsibility of Chief/Operations or Chief/HTAUTOMAT as listed above should be delivered to Headquarters USAF TALENT Control Officer, 5th floor, Pentagon Annex 3. That officer will effect internal USAF distribution as required.
